### Josie Cotton and Kevin Preston - "Trick or Treat" - (Digital single)

Well we started our column with some fun music and we end it that way too. Here's a single from New Wave darling Josie Cotton and Kevin Preston who is currently playing guitar with Green Day, that harkens back to the 1950s with a cover of the somewhat obscure Chuck Berry song "Trick or Treat." The pair rock the song up in a bit of a B-52s vein with Preston reeling off a couple of short bursts of Berry-like guitar riffs. What's the song about? Well the treat that the pair is looking for is a shared sweet kiss. Listen and purchase the track [here](#).
